Platter Chatter - Reheated

By Lin Smithwick

The eyes have it

By Lin Smithwick

It isn't so much what you cook, it's how it looks. In the real estate business it's called location, location, location.

For Marion Baker, cooking is presentation, presentation, presentation. "You can make the fanciest dish in the world, but if the presentation isn't interesting, it really won't matter how much time and effort you put into it."

The flip side of that is true, too. An ordinary dish can be dressed up Cinderella-style and be ready for any fancy ball or banquet. Marion likes to use simple recipes and add some pizzazz to make them special.

For many years, Marion and her husband, Steve, owned two businesses in Mayville - Baker's Funeral Home and Mayville Furniture. Most of that time Marion ran the furniture store. When their son, Kris, was growing up, schedules did not allow a lot of extra time for Marion to plan elaborate meals. "We would all be home about 5:30 and want to eat by 6. That didn't leave much time for cooking."

One of the family favorites was a quick and easy donut Marion made with refrigerator biscuits. She took each one, flattened it a little and cut a slit in the middle. She dropped them into hot oil and cooked them until golden brown. After removing them from the oil, she dusted them with cinnamon and sugar. "Kris' friends loved those donuts. Now our grandchildren enjoy them."

The years since Marion was frying donuts for Kris and his friends on a Saturday morning are gone. Kris is grown and lives in Denver. The days of owning and operating two businesses have now led to retirement for Marion and Steve.

Retirement does not mean Marion has slowed down. It just means she has more time to focus her energies on community and church activities. Last week she was baking her mocha bars for Relay to Life and helping with registra-

tion for the fundraising event. Squeezed into a busy day was just enough time to get a few errands done before heading to the park.

No matter what is going on in her life, Marion is always tuned into the needs of other people. At her church, Our Lady of Peace, she is often involved in church projects. "I really believe it is important to help others whenever we can, however we can."

Marion, who grew up in Waucoma, Iowa, met Steve, a Mayville native, in Minneapolis, where she was working. Steve was attending college when the two met. They moved back to Mayville to help Steve's parents with the family's funeral home business.

A lady with eclectic interests, Marion loves to travel - she's been to Europe several times as well as China and has her eyes on some far away places she would love to visit. She has also been on a mission trip with the church and would like to take part in more of those. She enjoys other hobbies including reading, knitting, golfing and sewing. She also looks forward to an occasional evening out attending a concert, play or other cultural activity.

No matter what she is doing, she is always ready for a new adventure. "I don't always have my day planned when I get up in the morning. I know so many people who do, but I like to play it by ear and see what happens."

Cooking and new recipes are also past-time favorites for Marion. With warm summer days here, she is likely to prepare the curried turkey salad. "I really like that recipe. It's refreshing and easy to make and can be served to look nice whether it's for just the two of us or for guests."

Marion is quick to add that food is not a consuming passion for her. "I like to eat and enjoy good food, but am not one to be traveling all over just to try something new. I don't live to eat; I eat to live."

Whether it is a crisp, sum-

mer salad or a healthy dinner for two, Marion will make sure it always looks good enough to eat.
